

Kodak

i1420 and i1440 Scanners

Scanners that stand up to the challenge

High-impact advantages for low-volume production scanning

Documents aren't always the perfect size, shape or quality for scanning. Which is exactly why the Kodak i1420 and i1440 Scanners are perfect for scanning all your documents.

Our tabletop Scanners easily handle everything from small cards to very long printouts. And they provide the competitive edge your business needs with speeds up to 75 ppm/150 ipm, enhanced Perfect Page image quality, great ease of use and awesome productivity.

Handles virtually all document types, sizes and shapes

- Scan documents up to 863 mm long and everything from onionskin to card stock
- Optional Plug&Play A3 and A4 "tethered" flatbeds for convenient scanning of bound materials

Enhanced image quality with the latest Perfect Page imaging

- Automatic colour detection – based on document content, automatically outputs images in colour, greyscale or black-and-white

- Background colour smoothing – removes variations in background colour
- Improved colour accuracy – enhances images for truer, more consistent colours
- Interactive colour output adjustment – adjust brightness, contrast and colour balance to personal preference
- Automatic orientation – based on document content, automatically orients the scanned image correctly for reading

Functions of the premium model i1440

- Long document mode – scans documents up to 6.1 m and beyond!
- Special document mode – autofeeds even irregularly shaped documents
- Photo extraction – automatically locates, extracts and outputs a photo as a separate image file
- Trainable electronic colour dropout – "learns" up to three background colours to drop out
- Segmented black-and-white output – optimises the image quality of text and photo regions independently, allowing photos to be rendered with more detail and clarity
- Toggle patch – automatically switches between black-and-white and colour scanning "on the fly"

"Ease of Use" couldn't be easier

- Smart touch feature – allows you to scan to file, e-mail, desktop applications or **SharePoint** with just one click
- Bundled with **Kodak** Capture Desktop Software for simple batch scanning. With an upgrade path to professional level **Kodak** Capture Pro Software with Indexing, Barcode and OCR reading
- USB 2.0 interface – provides easy connectivity and fast image transfer
- Post-scan document imprinter – prints tracking information directly on documents with full speed

Kodak Service & Support
